

Peter Hacquebard Award

"A meritorious achievement award presented by the Canadian Society for Coal Science and Organic Petrology in recognition of professional excellence and significant contributions to Coal Science in Canada."

October 23, 1997

Dear Dr. A.R. Cameron,

On behalf of the Society, I take great pleasure in informing you that you have been selected by the membership to be the first recipient of the Peter Hacquebard Award.

As a teacher and mentor to many of us, we are proud to have such a distinguished colleague in our midst. Please accept our heartiest Congratulations!

The selection of the award recipient was made by the membership using the following means. Nominations for candidates for the award were sought from the CSCOP membership based on the guidelines set up by the Awards Committee. Subsequently, a mail in vote was held and the results tallied. The ballot count shows that you are the clear choice of membership to receive this award.

The first Peter Hacquebard Award will be presented by Dr. Hacquebard at the Joint Annual Meeting of The Society for Organic Petrology (TSOP) and Canadian Society for Coal Science and Organic Petrology, in Halifax in 1998.

We invite you to attend the Joint Annual Meeting in Halifax to receive the award in person. The dates of the meeting are July 26-28, 1998. We will contact you at a later date to make travel arrangements for you to join us in Halifax.

Again we are proud to honour you for your work and dedication to Canadian coal petrology and we look forward to seeing you in Halifax.

Sincerely,

Dr. F. Goodarzi,
President
