## Peter Hacquebard Award

September 24, 2009

To Dr. W. D. Kalkrueth,

On behalf of the Society, we take great pleasure in presenting you with the Peter Hacquebard Award.

The Hacquebard Award is a meritorious achievement award presented by the Canadian Society for Coal Science and Organic Petrology in recognition of professional excellence and significant contributions to Coal Science in Canada. You are the fourth CSCOP members to receive this honour, which is reserved for members who have distinguished themselves in coal petrology nationally and internationally. Your long-time commitment to the teaching and promotion of coal science and organic petrology in Canada, Brazil and internationally, your research record in many areas of pure and applied coal and organic petrology, and geochemistry is recognized both in Canada, Brazil and internationally.

Again we are proud to honour you for your work and contribution to Canadian coal petrology and we would like to thank you for being a gracious host.

Presented at the TSOP Business Luncheon September 24, 2009 at the Joint 61<sup>st</sup> ICCP/ 26<sup>th</sup> TSOP meeting Gramado, Brazil.

Sincerely,

Julito Reyes  
President

Katrina Cheung  
Vice President
